

# SPRINT 3 REPORT

MANTHAN MALLIKARJUN, ROHITH BOLLINENI, SOMYA  
BHATIA, ARSH MALHOTRA, AYUSH ARORA, RAHUL MAHENDRU

PRODUCT NAME: Flowrite

TEAM NAME: RRASAM

SPRINT COMPLETION DATE: 11/17/2019

REVISION NUMBER: 0

REVISION DATE: 11/17/2019

## ACTIONS TO STOP DOING

- Stop procrastinating
  - We definitely need to spend the earlier parts of the sprint working rather than the later parts

## ACTIONS TO START DOING

- Start earlier
  - Same as the first point on what to stop doing
- Better communication
  - We were not communicating as well as we should have and should be more communicative outside of our sprints

## ACTIONS TO KEEP DOING

- Learning
  - Everyone is learning quickly
- Making PRs
  - Making small PRs often is much better than a large PR at the end of the sprint

## WORK COMPLETED

- (8) As a user, I want to be able to disable the fading
  - Have a button that disables the fading (3 hours)
- (5) As a user, I want to be able to create documents

- Have a button that creates a new document (3 hours)
- (21) As a user, I want an authentication system
  - Set up react router so that we can have multiple different pages/screens (3 hours)
  - Implement firebase and get auth working (5 hours)
  - Integrate authentication into the router and make sure only necessary pages are visible (2 hours)
- (21) As a user, I want all of my files synced to the cloud
  - After typing, auto sync the files to firebase (5 hours)
  - On startup, re-sync the files (2 hours)
- (13) As a user, I want a bug free and seamless experience
  - Test every feature so far and ensure there are no bugs (3 hours)
- (8) As a user, I want an easy installation process
  - Make sure the installation process is streamlined (2 hours)
  - Automatically generate builds in the CI (5 hours)

## WORK NOT COMPLETED

- (13) As a user, I want to be able to export documents
  - Research a way to do this in electron (2 hours)
  - Export a TXT document at least (5 hours)
  - Export a DOCX if possible (reach) (8 hours)
- (13) As a developer, I want tests to ensure my code is good
  - Split the files into testable chunks (3 hours)
  - Test all of the functions (8 hours)
- (8) As a user, I want spell check
  - Disable spell check while typing but enable once fading is disabled (2 hours)

## WORK COMPLETION RATE

- 6 Stories Completed
- Total Work Hours: 33
- Total Days: 14
